# THERE IS ONLY ONE CANDIDATE WHO HAS FOUGHT **MIKE TURNER** AND WON.

Five times Mike Turner tried to use his political might, and your tax dollars to silence and shame David Esrati for questioning Turner's illegal secret meetings of the Dayton City Commission.

**Five times Turner lost.** [http://en.wikipedia.org/wiki/David\\_Esrati](http://en.wikipedia.org/wiki/David_Esrati)

Turner is a lawyer, I'm a former US Army Paratrooper. Guess who really wants to fight for you?

## DAVID ESRATI WILL REPRESENT YOU

You need a Congressman who listens to you instead of the special interests that have invested millions in Mike Turner.

Turner hasn't met a lobbyist, defense contractor, CEO, or Wall Street Banker he doesn't like. Go online and see who funds him, with VERY big checks: <http://is.gd/cAamB> Because I won't take money from them- *I'll work to get this country back to work.*

### THREE THINGS THAT I HOPE TO CHANGE – THAT SHOULD CHANGE EVERYTHING

- > **End corporate welfare:** no more of our tax dollars to fund "economic development." Why did the taxpayers of Georgia get stuck paying \$100 million to move NCR from Dayton? Because it's not illegal. Your tax dollars need to go for public services, not to fund CEOs gross salaries and their disastrous abuse of American workers.
- > **End pay to play:** Elections cost billions- yet, the people paying are the ones who get the laws written in their favor. We need to pay for our own elections and stop this insanity.
- > **Change the voting process:** Sick of choosing between the lesser of two evils? Investigate "instant-runoff voting" where your vote won't have to be thrown away. The two parties shouldn't have a lock on elections – or us.

### THE REALITY CHECK

OH-3 is gerrymandered to help Turner win. He has money, incumbency and the Dayton Daily News behind him. If you are going to send a lamb to slaughter, send one who knows how to fight. Since elections have become political theater, you may as well get a good show. Thank you.

Please read [Esrati.com](http://Esrati.com) to see how I already communicate with you, once elected, it'll be illuminating.
