

October 14, 2015

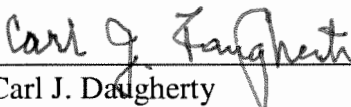

Dear Candidate:

SUBJECT: Placement of Political Signage

As we move into the height of the election season please be advised of the following with respect to the placement of political signage within the City of Dayton:

- Under the Zoning Ordinance (R.C.G.O. Chapter 150), political signs are permissible "temporary signs" for placement on **private property**, with the property owner's consent.
- All signs should be placed in a manner which maintains traffic visibility at all times.
- Political signs are strictly prohibited from placement within the public right-of-way. Those which remain in the right-of-way may be subject to removal.
- All signs should be promptly removed on November 4th.

Sincerely yours,

Carl J. Daugherty
Zoning Administrator
333-3903
